WNTC Expands Officers Elected Coverage Grows

Ruth Bagshaw, Potsdam State freshman, has been elected secretary of WNTC campus radio, in an election held March 14. Ruth is a music major.

Also elected to positions on the WNTC board are Elwyn Parker, President; Donald Gabin, Station Manager; Joseph Scholz, Business Manager; Wouter Weening, Program Director; John Dolphin, Operations Director; and William Cheverly, Technical Director. Installation of these officers will take place April 11.

According to the new President, Parker, WNTC plans "bigger and better things for the coming year." Among the station's immediate plans are transmission to Sisson and Van Housen Halls in the near future. "This will give WNTC a larger listening audience, and enable a greater percentage of the State students to hear WNTC's program of music, news, and complete campus coverage," claims Parker.
